Dear Rob,

Thanks for reaching out. While I appreciate your willingness to engage with me on this, I want to clarify that I was simply passing along a parent concern that had come to my attention. I have not reviewed the attached materials, nor do I intend to, as NHDOE does not have a role in adjudicating violations of the new law. That role falls to the NH Human Rights Commission and/or the Superior Court. Thus, I'm not in a position to give you any direction as to whether the materials here are or are not in conformity with the new legislation. If you have questions about the material, I would encourage you to reach out to your district's legal counsel. Again, I simply wanted to alert you to a parent complaint.

Remember also that, leaving the new law aside, you might want to consider whether your district's "opt-out" policy under RSA 186:11, IX-c is applicable to this parent concern.

Good Morning Commissioner Edelblut,

Thank you for bringing the concern raised to you regarding the showing of a film in one of our schools. I attempted to conference call you in with both the teacher and Principal on Friday so that you could hear directly

from our boots on the ground educators.

Out of context, and given the title of the film, it would be easy to assume that the use of the film "White Like Me" would be inappropriate to show in the classroom given the recently passed legislation in NH. However, when put into real teaching and learning context, I don't believe that to be the case in this situation.

To be clear, the film has NOT been shown this school year at this time and it will not be shown as planned as we are seeking your input. The classroom teacher (copied on this email), has gone to great lengths to openly communicate the lessons being taught in his classroom. He has also attended in depth training on what is and what is not acceptable given the passage of the new law. We have a policy in place with regard to objectionable material to which the school follows.

Because we were not able to connect on Friday, I have asked the teacher to send forth the attachments for your review. If you feel this is still inappropriate to ignite higher level thinking in the classroom, the film simply will not be shown. Please let us know your thoughts on this so that our teacher doesn't become the test case for the new law.

Thank you,  
Robb
